

WINDSOR
CHRISTIAN ACADEMY

Dear Parent,

The education of your children is a very important issue. Few decisions will have such a lasting impact on their lives as the choice of their school. The friends they make and the teachers they have will remain with them forever. Not only is there concern for the academic achievements of your children, but also with the development of their character and faith.

Your child will be taught from a Christ-centered perspective in a small student to teacher ratio. Our Christian teachers will be teaching children to practice Christian character, morals and manners.
