These new tax credits will dramatically impact hundreds of families in PA, your school, and Christian Education. Join a Special Purpose Entity (SPE) to receive a tax credit and support a non-profit school of your choice.

What are the benefits of participating in a Special Purpose Entity?

Three questions to consider:

1. Would you like to control where your state income tax goes and decide how it is spent?
2. What is your tax liability? Look at last year's liability or talk to your accountant.
3. Do you have the cash liquidity to make your contribution soon after signing a joinder agreement?
